## Installation and Service

Let our experienced service crew install, service and maintain your concrete plant. We can dispatch service trucks and crew to most location within the continental United States.

Don't need our entire crew or truck onsite? Let us dispatch a project manager, senior troubleshooter or the other specific technical support required for your project.

Familiar with our wind energy division?

Industrial and Manufacturing  
 Sized Wind Energy Projects

Utility Scale Developments

Over 75MW under development

## Using QR Codes

The "barcode looking" images appearing throughout this brochure are QR codes. When scanned using your smartphone you will be connected to detailed information about the coordinating product line. To use your smartphone to scan the QR code, first download a QR reader app from your phone's app store, or take advantage of free apps available online. Our favorite free QR code reader app is available at [www.beetagg.com](http://www.beetagg.com)

## About Us

FESCO Direct is full service dealer of new and used concrete production equipment. Our experienced staff worked through the ranks of many of the industries leading manufacturers and producers. We strive to help our customers benefit from our years of knowledge and experience building an ongoing relationship.

We also appreciate referrals! If you can't use this information, please pass it to someone who can .

~Thank You
