Maximum Thru-put: 2 to 3 yds³-per-hour

Since 1997, BFK has FOCUSED on one thing:

CONCRETE RECLAIMERS

**BFK offers more sizes of Reclaimer than any other manufacturer,
engineered to fit *your* requirements, not ours!**

The Model M6 Reclaimer fits **so many installations never before even attempted** by other reclaimer companies.

Capable of reclaiming up to 2 to 3 yards-per-hour, the M6 handles the small loads you need, without the price or size of a large reclaimer.

The M6 has the ability to be fitted with a **wide variety of infeed hoppers, troughs, and pre-feeders** to do the job you need done!

ONLY BFK Reclaimers offer
NO Greaseable Bearings,
NO Leaky Shaft Seals,
and **absolutely**
NO Shaker Screens
to separate rock and sand,
making them the
most user-friendly
and affordable
Reclaimers available!

M6 and M12 only - does not include hopper, prefeeder, or trough.

Resights reserved to allow specifications without notice.

Many infeed hopper and trough sizes and styles available.

Precasters: able to choose from 1/2 up to 2 full cubic yard capacity, each with a proprietary Star Prefeeder.

Ready-mix Producers: do you use up your left-overs pouring blocks, or for crushed? The M6 can handle your mixer truck wash-out, without the expense of a full-blown reclaimer!

Mobile Mix: end-of-day wash at mobile plants. Can be made portable with filter press, or cement slurry rebatch equipment.

You-Card type operators: Need to wash-out your trailers when customers bring them back? The M6 can handle that too!

Wash-out trough, suitable for ready-mix or mobile mix wash-out, or "You-Card" type operations!

Design and build your own, or choose from the many sizes and styles offered by BFK!

**ONE Screen
ONE Screw
ONE Pump
...less than 3
Horsepower**

With optional "Flexi-Flight" Infeed auger, the M6 is capable of handling up to 1-1/4" Aggregates without jamming!

Simple, bolt-on design allows virtually any size and shape of infeed trough or Star Hopper!

and so versatile!

Simple, Compact, Efficient... now *that's* BFK. Focused.
