

Model M6

CONCRETE RECLAIMER

The World's
Smallest Reclaimer!

Shown with Optional
2 Yard Star Hopper

BFK.
Focused.

Recommended for use at:

- Precast Plants
- Ready-Mix Plants
where all but wash-out is poured into blocks,
windrowed for crushing, or batched on top of
- Mobile Mix [Portable]
- You-Cart type Operations

Maximum Thru-put: 2 to 3 yds³-per-hour

Since 1997, BFK has FOCUSED on one thing:

CONCRETE RECLAIMERS

**BFK offers more sizes of Reclaimer than any other manufacturer,
engineered to fit *your* requirements, not ours!**

The Model M6 Reclaimer fits **so many installations never before even attempted** by other reclaimer companies.

Capable of reclaiming up to 2 to 3 yards-per-hour, the M6 handles the small loads you need, without the price or size of a large reclaimer.

The M6 has the ability to be fitted with a **wide variety of infeed hoppers, troughs, and pre-feeders** to do the job you need done!

ONLY BFK Reclaimers offer
NO Greaseable Bearings,
NO Leaky Shaft Seals,
 and absolutely
NO Shaker Screens
 to separate rock and sand,
 making them the
 most user-friendly
 and affordable
 Reclaimers available!

 68" Overall Length
 Approx. Shipping Weight: 1000#
M6 and M12 only—does not include hopper, prefeeder, or trough.

Resights reserved to allow specifications without notice.

Many infeed hopper and trough sizes and styles available.
Precasters: able to choose from 1/2 up to 2 full cubic yard capacity, each with a proprietary Star Prefeeder.
Ready-mix Producers: do you use up your left-overs pouring blocks, or for crushed? The M6 can handle your mixer truck wash-out, without the expense of a full-blown reclaimer!
Mobile Mix: end-of-day wash at mobile plants. Can be made portable with filter press, or cement slurry rebatch equipment.
You-Cart type operators: Need to wash-out your trailers when customers bring them back? The M6 can handle that too!

Wash-out trough, suitable for ready-mix or mobile mix wash-out, or "You-Cart" type operations!

**ONE Screen
 ONE Screw
 ONE Pump
 ...less than 3
 Horsepower**

Design and build your own, or choose from the many sizes and styles offered by BFK!

With optional "Flexi-Flight" Infeed auger, the M6 is capable of handling up to 1-1/4" Aggregates without jamming!

Simple, bolt-on design allows virtually any size and shape of infeed trough or Star Hopper!

and so versatile!

Shown with 1 Yard Star Hopper

Simple, Compact, Efficient... now *that's* BFK. Focused.
