Since 1997, BFK has FOCUSED on one thing:

CONCRETE RECLAIMERS

BFK offers more sizes of Reclaimer than any other manufacturer, engineered to fit *your* requirements, not ours!

The Model X2 Double-Wide SIX-SHOOTER Reclaimer is ideal for plants with lesser amounts of daily waste concrete, **but still need the ability to wash-out 2 mixer trucks at once.**

The Model X2 SIX-SHOOTER is capable of reclaiming up to 1/2 yard-per-minute. **This makes the X2 as fast as most competitors biggest machines, designed for the largest plants!**

Make sure to compare thru-put and No. of Truck capabilities when comparing to competitive brands!

ONLY BFK Reclaimers offer
NO Greaseable Bearings,
NO Leaky Shaft Seals,
and **absolutely**
NO Shaker Screens
to separate rock and sand,
making them the
most user-friendly
and affordable
Reclaimers available!
